

THE FLU:

MORE THAN JUST A SICK DAY

Understand the impact of the flu on you, your family, and the community.

Flu causes 140,000 - 810,000 hospitalizations and **12,000 - 61,000 deaths, including over 100 children**, each year

Most healthy adults can **infect other people up to 7 days after becoming sick**

On average **17 million work days and 38 million school days are missed** every year as a result of the flu

The flu can cost an individual an average of **\$130 in medical costs and \$1,800 in lost wages**

WORK TOWARD BETTER HEALTH.
